3 STEPS IN DEVELOPING TEAM DEMONSTRATIONS

1. Select subject for demonstration;
Members of club discuss possibilities.
Select subject based on club members' experience and achievement.
2. Select members to represent club on demonstration team:
Individual tryouts.
Election by club members.
3. List all points demonstration might include:
All members of club suggest points.
4. Arrange points in logical order.
5. Outline demonstration.
6. Exhaust subject-matter material:
Bulletins.
Authentic magazine articles.
Interviews with people well informed (specialists).
7. List equipment needed.
8. Plan illustrative material:
Posters.
Charts. (Use originality in planning illustrative material other than charts and posters.)
9. Members of team work through demonstration:
Plan good platform arrangement.
Plan good teamwork.
10. Plan words to fit work procedure.
11. Rehearse demonstration:
Strengthen weak points.
